Compliments of Senior Living Advisors

Western Pennsylvania Resource Guide

We are a free service to help families choose an appropriate Independent Living apartment with services, Personal Care Home, or Assisted Living community for their loved one that matches the medical needs, financial capabilities, and geographic preferences.

With the family's permission, we will assess the candidate at home, at the skilled rehab unit, or at the hospital. After obtaining an accurate report to determine the scope of care the individual requires, we make appropriate recommendations of communities that fit the parameters of medical, financial, and geographic needs.

Senior Living Advisors will accompany the family and prospective resident on tours to help them through the process. Our skilled representatives will always make recommendations as if it were pertaining to our own Mom, Dad, or other loved one. We answer seven days a week.

Pittsburgh, PA 15237

About LiveSafe Solutions

LiveSafe Solutions has been in the Medical Alert Service Business for over 35 years. Located in the North Hills, just outside of Pittsburgh, we are one of the largest providers in Pennsylvania.

Our commitment is to help people live safely, with confidence and independence in their own homes. We are proud to offer state of the art smart technology that automatically detects when falls occur and calls for help – even if the person is unable to press the button.

Customized Care

Extraordinary service is what makes THE difference. We deliver the medical alert button and communication system in person to your home. We install it for you and thoroughly test it to make sure that everything works as it should.

When you purchase service from us, your price will never go up for as long as you use the Medical Alert Service. Cancel it at any time without penalty. And when you do cancel, we'll come out and pick up the equipment from you so you don't have to mail anything back.

Phillips Lifeline – Medical Alert Systems

211 Polo Club Drive

Coraopolis, PA 15108

(412) 205-8054

(800) 543-3546

Phillips Lifeline is an easy-to-use medical alert system that lets you summon help any time of the day or night – even if you can't speak. All you have to do is press your medical alert button, worn on a wristband or pendant, and a trained Personal Response Associate will ensure you get help fast. That's why Phillips Lifeline provides the #1 Medical Alert System to offer you something else: peace of mind.

Dependability is key to peace of mind. That's why doctors, hospitals, and professional caregivers trust our Medical Alert System

CheckMates

Amy Gold
(412) 697-3528
agold@jccpgh.org

Many older adults live alone and may worry that no one knows what is going on in their lives. CheckMates provides an opportunity to those identify older adults who may be at risk or in need of services to help them remain independent. CheckMates is a volunteer peer-led telephone reassurance program. Volunteers who are 60+ make weekly phone calls to other older adults (60+) and offers a connection between those volunteers and people in our community who may be homebound, isolated or lonely. Confidential phone calls are made once a week by volunteers at the JCC of Greater Pittsburgh in Squirrel Hill and in the South Hills. Volunteers are trained to recognize individual needs and to contact the CheckMates Coordinator, who will connect the older adult to appropriate services. Volunteer hours are flexible and can be arranged to suit your schedule.
