

# **LIFE Pittsburgh & Community LIFE**

## ***Compliments of Senior Living Advisors***

### **Western Pennsylvania Resource Guide**

We are a free service to help families choose an appropriate Independent Living apartment with services, Personal Care Home, or Assisted Living community for their loved one that matches the medical needs, financial capabilities, and geographic preferences.

With the family's permission, we will assess the candidate at home, at the skilled rehab unit, or at the hospital. After obtaining an accurate report to determine the scope of care the individual requires, we make appropriate recommendations of communities that fit the parameters of medical, financial, and geographic needs.

Senior Living Advisors will accompany the family and prospective resident on tours to help them through the process. Our skilled representatives will always make recommendations as if it were pertaining to our own Mom, Dad, or other loved one. We answer seven days a week.

Pittsburgh, PA 15220

LIFE Pittsburgh is a community based alternative to nursing home care and assisted living. Through the LIFE Pittsburgh program, frail older adults can remain in their own home and receive a coordinated plan of care that enables them to maintain their independence and enjoy a safe and active life in the community. A health team of geriatric doctors, nurses, social workers, rehabilitation specialists and other health care professionals assess the participant's needs and desires. A plan of services is approved by the candidate, their family, and the LIFE Pittsburgh caregivers by monitoring for changes and providing timely interventions. Primary care and community services are provided through the Day Health Center and through the in home program according to an individual participant's needs.

To make a referral call (412) 388-8050 and a representative will help you through the process.

## **To be eligible for LIFE Pittsburgh you must:**

- Be age 55 or older
- Meet the level of care needs for a Skilled Nursing Facility or a Special Rehabilitation Facility
- Meet the financial requirements as determined by your local County Assistance Office or private pay
- Reside in an area served by a LIFE provider (see zip code list)
- Able to be safely served in the community as determined by a LIFE provider

Pittsburgh, PA 15221

Community LIFE is a non-profit organization that provides comprehensive health and social services to frail, elderly adults so that they can continue to live in their homes. The Interdisciplinary Team or IDT is the cornerstone of Care Management for the participant, consisting of geriatric physicians, RNs, social workers, therapists, dieticians, pharmacists, personal care aides, van drivers and others. Each plan of care developed by this team is tailored to meet the unique needs of each participant. The program focuses on preventative care, maintenance of a participant's highest level of functional ability, and the early recognition and treatment of symptoms that can signal major problems. The IDT assesses need, provides care, coordinates contracted services and monitors each participant's situation. Participants, their family and caregivers along with the IDT create an individualized plan of care. Community LIFE has contracts with Medicare and the Pennsylvania Medical Assistance Program, and is also able to accept private payments from individuals who do not qualify for these programs. We are able to use these payments in a non-traditional manner to provide preventative and supportive services to keep elders living independently in the community.
